

THE UNITED REPUBLIC OF TANZANIA

MINISTRY OF HEALTH

ALMANAC

July 2022 to June 2023

July, 2022

THE UNITED REPUBLIC OF TANZANIA

MINISTRY OF HEALTH

ALMANAC

July 2022 to June 2023

July, 2022

FOREWORD

The Ministry of Health (MoH) is committed to provision of basic preventive, curative and rehabilitative quality health services, which are equitable, accessible, affordable and sustainable. In its daily operation, the Ministry conducts different health events, management meetings as well as commemoration of health days. To attain high level of coordination and participation of stakeholders, it is critical to ensure availability of clearly defined calendar and well known to every Ministry Departments, Agencies and Sections within Ministry as well as partners.

A well-coordinated arrangement is crucial in assuring uninterrupted engagement of Ministry high level leaders which include coordinating Departments and Agencies within MoH. This Almanac is a Ministry Calendar aiming to highlight important events for proper coordination. Joint efforts from various actors in different Departments, Sections and Agencies working collaboratively with different partners supporting government efforts are expected to be engaged during different health events as well as commemoration of health days.

I understand the challenges we are facing in coordinating stakeholders during implementation and commemoration of different health events, meetings and other related activities. It is my hope that, through this Almanac we shall proactively work together with the aim of improving coordination performance by aligning our resources to allow implementation of commemorative health days, events and important Ministry management meetings.

Therefore, I call upon all responsible Departments, Agencies, Sections and Programs to consult this document, consider timely planning, resource allocation and engagement of relevant stakeholders including High Government Officials and Development Partners to be involved in order to increase participation in all events for increased efficiency and effectiveness towards improved health service provision countrywide.

Prof. Abel N. Makubi

PERMANENT SECRETARY

ACKNOWLEDGEMENT

The development of this Almanac for July 2022 to June 2023 is the result of contributions from stakeholders including Ministry Departments, Agencies, Institutions and Sections. The Ministry wishes to thank all those who participated in one way or another in the identification and placement of all health events, meetings and health days included in this Almanac.

The Ministry recognizes and appreciates continued support and investments that have always been injected into the Health Sector by different partners and stakeholders. The appreciation is extended for their readiness of supporting commemoration of health days, events and conducting important meetings for daily smooth operation within the health sector through engagement of relevant stakeholders.

My heartfelt thanks and impetus go to Health Promotion Section spearheaded by the Director of Preventive Health Services for facilitating and overseeing the whole process of gathering information, designing and hence printing copies of this Almanac.

Finally, I would like to thank all Development Partners and Stakeholders for continued efforts in supporting provision of promotive, preventive, curative and rehabilitative health services across the country.

Dr. Aifello Wedson Sichelwe
CHIEF MEDICAL OFFICER

1.0 INTRODUCTION

1.1 Background

The Ministry of Health is responsible for the formulation of Policies, guidelines and oversee its implementation and provision of; Preventive and Curative Services, Chemical Management Services, Medical Laboratory Services, Medical Research and Nutrition, Food and Drug Quality Services, Medical Supplies, Promotion of Traditional and Alternative Medicine, Health Services Inspection, Family Planning, International Health and Medical Organizations, Coordination of NGO dealing with the functions under this sector, Coordination of International Organization under this sector, Performance Improvement and Development of Human Resource Service and their Implementation under this ministry and Extra-Ministerial Departments, Parastatal Organization and Projects under the Ministry.

1.2 Vision

To have a healthy society with improved social well-being that will contribute effectively to individual and national development

1.3 Mission

Committed to facilitate the provision of basic health services that are of good quality, equitable, accessible, affordable, and sustainable and gender sensitive.

1.5 Rationale and Objectives

Coordination of different Ministry events and commemoration of health days has been a long-term challenge and to some extent highly pressured. This reduces quality and efficiency of events conducted by the government of Tanzania through Ministry of Health in collaboration with partners and other stakeholders.

In order to smoothen coordination of important health events and Ministry meetings; this almanac is prepared for providing framework for the timeliness and calendar of events for all relevant stakeholders. All players will make use of this almanac as a remainder of when different events will happen and thereafter devote their engagement in specific health events as well as mapping, earlier identification and making contacts with relevant high-level leaders, stakeholders and partners.

1.5.1 Broad objective:

This almanac is meant to define dates for inauguration and implementation of different health events, meetings and health days across all MDAs.

1.5.2 Specific Objectives:

- i. To highlight different health events, Ministry meetings and health days planned to be conducted in the financial year 2022/2023.
- ii. To highlight MDAs responsible for supporting coordination of specific health events, meetings and health days.

1.6 The Scope

The MoH Almanac is intended to cover different health events, meetings and health days for the duration of a year starting from July 2022 to June 2023.

It is expected that different actors such as MDAs will make use of this document and make necessary arrangements to enable implementation of the planned events.

2.0 Description of MoH Events and Timetable

- a) Commemoration of International and National Health Days
- b) World Health Events
- c) Regional Health Meetings
- d) Departmental Meetings
- e) MoH- Management Meetings
- f) Major Events
- g) National Public Holidays
- h) Combined Table of Events
